HI-VIS APPAREL MODACRYLIC VESTS

Modacrylic Safety Vests

Modacrylic fabrics are inherently flame resistant. Safety vests made with Modacrylic fabric offer high visibility and protection against arc flash.

COR-BRITE™ Modacrylic Vests

- FR Hook & Loop (#VMFR201) or Zipper Closure (#VMFRZ201)
- Lime Modacrylic Mesh
- Heat Applied Reflective Tape
- D-Ring Access
- 3 Pockets: 1 Inside Lower, 1 Outside Chest, 1 Outside Lower

COR-BRITE™ Modacrylic Vests

- FR Hook & Loop (#VMFR301) or Zipper Closure (#VMFRZ301)
- Lime Modacrylic Mesh
- Heat Applied Reflective Tape
- D-Ring Access
- 3 Pockets: 1 Inside Lower, 1 Outside Chest, 1 Outside Lower

FLAME RESISTANT TERMINOLOGY

NFPA 70E National Fire Protection Association Standard for Electrical Safety in the workplace.

ASTM F1506 Standard Performance Specification for Flame Resistant Textile Materials for Wearing Apparel for Use by Electrical Workers Exposed to Momentary Electric Arc & Related Thermal Hazards.

ARC FLASH An undesired electric discharge where a flashover of electric current leaves its intended path and through the air between conductors or from a conductor to a ground. The results are often violent and when a human is in close proximity to the arc flash, serious injury and even death can occur.

ARC RATING The value attributed to materials that describes their performance to exposure to an electrical arc discharge. The arc rating is expressed in cal/cm² and is derived from the determined value of the arc thermal performance value (ATPV).

HAZARD RISK CATEGORY (HRC)

Hazard/Risk categories specified under NFPA 70E. The HRC is used to determine the necessary arc rating of a garment worn during a given job task.

SELF-EXTINGUISHING VESTS

Self-Extinguishing Vests

Self-extinguishing vests are polyester vests that are treated with a flame retardant. These vests provide protection against incidental sparks. These garments are not flame resistant as defined by ANSI/ISEA 107-2015 Section 105. Not designed for Arc Flash.

Applications: For use with the likelihood of sparks, incidental contact with hot machinery, and non-arc flash applications.

COR-BRITE™ Self-Extinguishing Vests | #VB3200FR* (Orange) and #VB3201FR* (Lime)

- ① 5 Point Breakaway Design

HI-VIS APPAREL T-SHIRTS

Comfort Stretch Shirts

CORDOVA SAFETY PRODUCTS provides a variety of hi-vis t-shirts to be sure you are safe and seen. Our COR-BRITE™ line of hi-vis apparel features both Comfort-Stretch fabric and Birdseye mesh fabric. Comfort-Stretch is an ultra-light polyester/spandex blend and is equipped with segmented reflective tape. The Birdseye mesh fabric provides moisture-wicking that draws moisture away from the skin to accelerate cooling. It is available with or without reflective tape.

CORDOVA

SAFETY PRODUCTS

CORE SAFETY PROTECTION

At CORDOVA SAFETY PRODUCTS, our mission is to keep you safe at work and at home by supplying core safety protection. We have the brands and range of products to confidently serve your safety gear needs, and we have been trusted to do so for 25 years. If we can't find what you need, it doesn't exist. If it doesn't exist, we can make it happen.
