**WARNING:** This product can expose you to chemicals including Chromium (hexavalent compounds) which is known to the State of California to cause cancer or birth defects or other reproductive harm. For more information, visit [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

### DESCRIPTION:

Cordova Safety Products grades leather according to the area on the hide from which it is cut. The premium-grade leather comes from the side or shoulder and from areas higher on the animal that receive the least amount of movement. Select-grade leather is selected from the areas of the hide that don't quite make the Premium grade, but are still a higher-quality leather. Cowhide is comfortable, durable, breathable and offers excellent abrasion resistance. This select shoulder, cowhide leather double palm features a striped canvas back, 2.5-inch rubberized safety cuff, and gunn pattern – the most commonly used pattern in work gloves.

### APPLICATIONS:

### CARE:

Hand clean with soap and water.
